Welcome from the Head Teacher

Dear Parent / Carer

Penninghame Primary School is an inclusive school with high expectations and ambitions; we strive to meet the needs of all learners.

Our team of dedicated staff aim to provide the best possible opportunities and experiences, ensuring children develop a range of skills which support their learning, growth and development.

Education is a partnership between home and school which is fostered in nursery and continues throughout the primary stages. This partnership can only function through a mutual trust and understanding which open communication brings.

This handbook will explain the policies and procedures of our school. However if you have any questions please do not hesitate to get in touch.

My staff and I look forward to meeting you and we hope you will contribute and become actively involved in the life of the school.

With best wishes

Miss Leona Wallace

Curriculum for Excellence

Curriculum for Excellence (CfE), now known as 'Scotland's Curriculum,' is bringing learning to life in the way education is delivered for all 3-18 year olds in nursery, primary, secondary, at college and via workplace or community learning. It aims to respond and adapt flexibly to meet the needs of an ever changing and evolving world and Scotland's place within it. At its heart lies a constant commitment and drive towards excellence and equity, to raise standards, improve knowledge, develop skills for all learners and close the gap between the lowest and highest achievers by ensuring everyone has an equal opportunity to be successful, no matter what their background or circumstances. Ultimately, it aims to nurture children and young people as successful learners, confident individuals, effective contributors and responsible citizens.

Broad General Education

Children and young people work their way through Experiences and Outcomes in each of the five Curriculum Levels (Early, First, Second, Third, Fourth) and in each of the eight Curricular Areas. The five Curricular Levels span pre-school to the end of S3. This is the Broad General Education. Pupils progress at their own pace, working through the Experiences and Outcomes of the most appropriate level for

them. Pupils will be supported in collecting evidence of their achievements, with a profile of these being produced in P7 and S3.

CfE also includes Languages, Expressive arts, Religious and moral education, Sciences, Social studies and Technologies. The responsibility for the curriculum offer in your school sits with the Headteacher.

Our children progress through Experiences and Outcomes from Early, First, Second, Third and Fourth level from Nursery, Primary and into Secondary School.

The eight curricular areas are:

- Literacy and English
- Numeracy and Mathematics
- Expressive Arts
- Technologies
- Social Studies
- Sciences
- Religious and Moral Education
- Health and Well Being.

Children have opportunities to develop their skills through subject specific learning and teaching, project work (Interdisciplinary learning), the work, life and ethos of the school as well as wider achievements where they develop a range of skills both in school and at home.

Parental Involvement and Engagement

Parent/Carers and the Parent Council

Every parent who has a child at our school is a member of the Parent Forum. The parent council is a group of parents who have chosen to represent the parent forum. As a member of the Parent Forum, each parent can expect to:

- Receive information about the school and its activities
- Hear about what partnership with parents means in our school
- Be invited to be involved in ways and times that suit you
- Identify issues you want the parent council to work on with the school
- Be asked your opinion by the parent council on issues relating to the school and education it provides
- Work in partnership with staff
- Enjoy taking part in school life in whatever way possible

Parentzone Scotland

<https://education.gov.scot/parentzone> information about the Curriculum and how you can be involved in your child's learning.

How is my child doing?

There will be several opportunities for you to discuss your child's progress. This may be through informal discussion with the teacher or at Parents' Nights/ Learning Conversations, formal reports or for some it may be through more formal, focussed meetings with other agencies.

Helping Your Child and Family Learning

We are committed to working in partnership with families and have monthly drop-in sessions where you can find out about our work, consider how to support your child at home and spend time with them in class learning. Our new P1 families have a range of information events to help you understand how we develop reading and writing skills and to ask questions. (Remember there is no such thing as a silly question, please just ask!)

Children are set homework, which is linked to their class work. At present we do this on a termly basis as we recognise that families have varying levels of commitments on different days of the week.

Each term homework tasks include:

- Reading
- Spelling
- Maths
- Research activities.

We are introducing awards to celebrate the achievements of children who value their homework. We have three awards and the children have been involved in setting the awards.

Support for All

Support for Learners

All children receive support at school and nursery to help them learn. 'Additional support for learning' is how we describe any support that is extra or different to the help that most children receive. Most of this additional support is provided by teachers in mainstream classes, focussed on learning and support to be fully involved in school life. For the majority of children and young people this will be delivered in a mainstream classroom supported by their classroom teacher for a few this will mean some additional support alongside the classroom teacher, and for a very few this will be part-time or full-time provision in a school with a learning centre or an inclusion base.

More information is available at www.dumgal.gov.uk and on page 18 of our [Education Authority Handbook](#)

Getting It Right For Every Child (GIRFEC)

You are the expert on your child and what you think matters. Getting it right for every child (GIRFEC) means that the School will always seek to involve you, to listen to your opinions and take them seriously.

More information is available at www.dumgal.gov.uk/girfec and on page 20 of our [Education Authority Handbook](#)

Child Protection

All children have the right to be protected from harm, abuse and neglect. The vision for all children and young people in Dumfries and Galloway is that they should be: safe, healthy, achieving, nurtured, active, respected and responsible and included. Schools and front-line education and child care services will play an important role in ensuring all children and young people are safe and well.

Further information can be found at <http://www.dumgal.gov.uk/article/16640/Support-for-children-and-families>

Parents, carers and pupils have a key role in keeping the school community safe. We would therefore urge parents to share any information which would keep everyone safe, and to support and encourage their child(ren) to do the same.

Enrolment in Schools - School Places

Information on enrolment in school and catchment areas is available at <http://www.dumgal.gov.uk/article/15241/School-places> Information regarding catchment areas can be found on the Council's website by accessing "Find My Nearest".

School Improvements

Each year the school will publish a School Improvement Plan which outlines the key priorities for the school during the year ahead, following engagement with staff, pupils and parents. The plan indicates the expected impact of priorities on pupil learning, as well as providing brief information about the key tasks to be taken forward. Both the report and the plan are published on the school's web-site and are also available in hard copy, on request. A copy can also be found by searching for your school at www.dumgal.gov.uk/schools

Every school is on a journey to improvement and every year we compile a plan which shares how we will improve our work. We use information from surveys and our ongoing evaluation in school against 'HGIOS 4' to set our improvement journey.

Our improvement priorities for 2023/24 are:

1. To establish and embed our vision, values and aims.
2. To accelerate learner progress in literacy and numeracy across P.1-4.
3. To develop our curriculum across the four contexts for learning.

Health and Safety

Emergency Procedures (including Safer Together Guidance)

If your child feels unwell or have hurt themselves during the school day they must report this to an adult in the school. If we feel that they would be better at home we will telephone you or your emergency contact. Minor accidents, e.g. cuts, bruises, are dealt with by the school staff. Serious accidents are few, but should one occur your child will be immediately taken either to your doctor or to hospital, if necessary, and you or your emergency contact will be notified. We cannot stress enough the importance of supplying the school with the relevant information we require in such a situation, i.e. your own home and work number and a telephone number of an emergency contact. **Please remember that if your child stays in more than one home setting contact details should take account of this.**

Health Care (inc First Aid)

Many children will require their health care needs to be met at sometime within the nursery/school environment, for most children this will be for short periods of time only, but for some children this may require more long-term planning and support. If your child has any health care needs, please contact the school to discuss arrangements. Full details of the support available and your role as a parent and the role of your child are contained within Health Care in Schools 3-18 (NHS and Dumfries and Galloway Council) which is available from the school.

For more information see our [Authority Handbook](#)

Severe Weather and School Closure Arrangements

Headteachers are authorised to make an emergency closure when the state of the weather or any other exceptional circumstance make it necessary in the best interests of the pupils. In these circumstances parents will be communicated with in a variety of ways including text messages/ phone calls and emergency contact arrangements. All school closures will be notified on the Council Website.

www.dumgal.gov.uk/article/15240/Emergency-school-closures

Data Protection

Information on how the Council uses personal data is available at www.dumgal.gov.uk/article/15129/Data-protection and www.dumgal.gov.uk/privacy

ICT in Schools

For more information on ICT in school please see page 14 of the [Education Authority Handbook](#)

Use of the Internet, Social Networking Sites

As part of the process of learning we allow our children supervised access to the Internet and e-mail. The authority runs its own filter system to ensure that young people are not at risk from exposure to inappropriate material. This filtering system is regularly being upgraded. We have a policy for use of the Internet and a contract for responsible use, which we ask parents and young people to sign up to.
