

# Building Maintenance & Construction

## Our Services

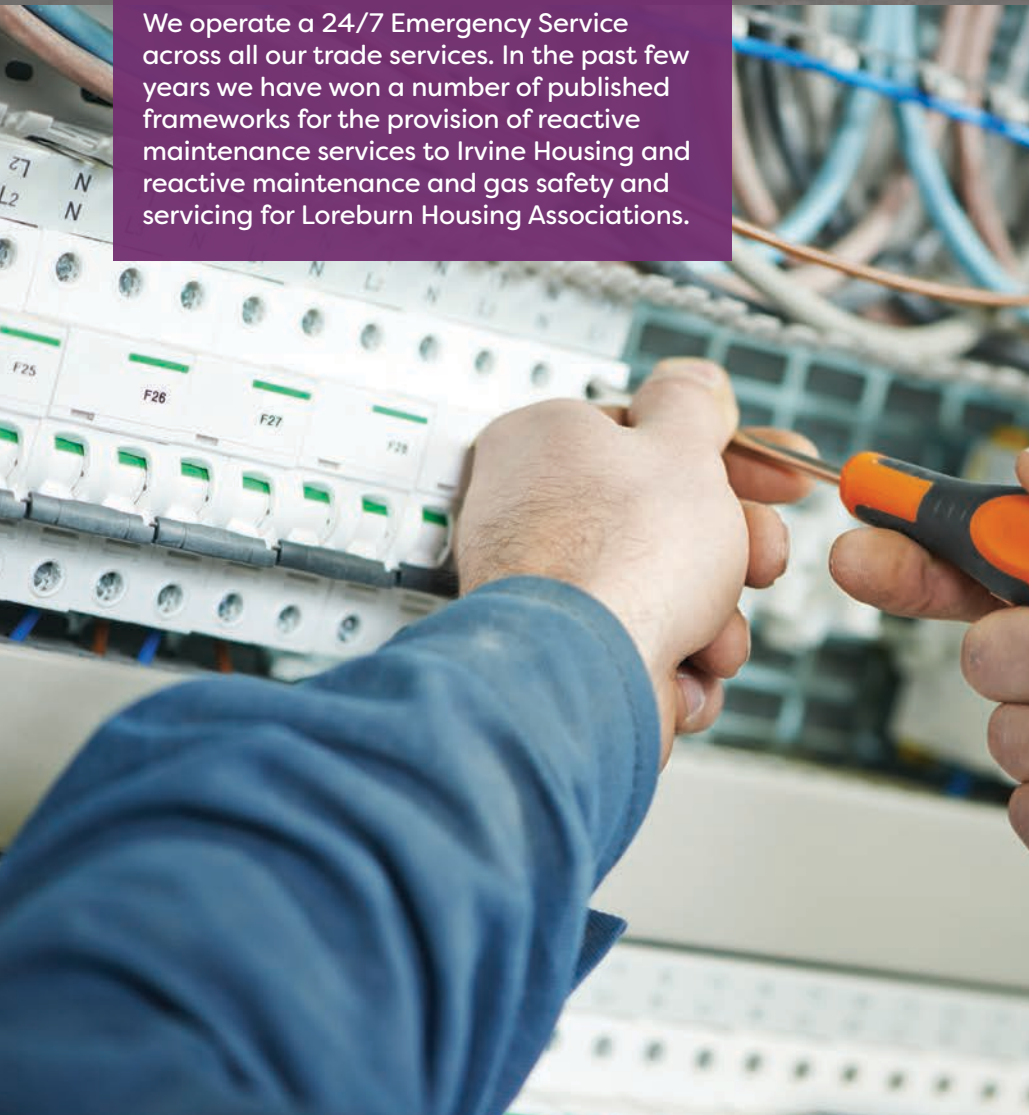

We offer a whole package of services to both social and private landlords, including annual gas safety checks, landlord electrical checks and property EPC surveys. We offer tailored packages covering a full range of repairs and maintenance services.

# What Can We Do For You?

We offer a range of services from reactive and planned maintenance work, covering all trades (Electrical, Plumbing, Joinery, Glazing, Gas Service and Maintenance, Painting, Building, Roofing, Plastering Works, General Trades Labouring, Design & Build, New Build and Full Refurbishment Services, Quantity Surveying, Site Management) as well as a gas (Oil, mains gas and lpg) servicing and repairs service.

We operate a 24/7 Emergency Service across all our trade services. In the past few years we have won a number of published frameworks for the provision of reactive maintenance services to Irvine Housing and reactive maintenance and gas safety and servicing for Loreburn Housing Associations.

## Contact

Whatever project you want to discuss we'd be happy to meet with you and propose a solution.
