

# School Improvement Planning Returns to Local Authority (2019 - 2020)

**School:** Rephad

**Date:** March – May 2019

## 1. Vision, Values and Aims

*An essential element in the improvement process is a shared and agreed vision and set of values. These need to be dynamic, reviewed and referred to continuously. The Vision, Values and Aims statement should indicate the school's stance in ensuring excellence and equity for all learners.*

*Refer to HGIOS?4 / HGIOELC?: Leadership and Management - QI 1.3 Leadership of Change – Theme 1: Developing a shared vision, values and aims relevant to the school and its community; Learning Provision - QI 2.2 Curriculum – Theme 1: Rationale and design; Successes and Achievements - QI 3.1 Ensuring Wellbeing, Equality and Inclusion - Theme 1: Wellbeing & Theme 3: Inclusion & Equality; Successes and Achievements - QI 3.2 Raising Attainment and Achievement - Theme 4: Equity for All Learners*

### Our Vision, Values and Aims

#### School Statement

**Rephad School aspires to:**

Develop Successful Learners, Confident Individuals, Effective Contributors to Society and Responsible Citizens.

We will endeavour to promote effective learning and the highest possible attainment, participation and achievement for all. Inclusion and equity of opportunity for all are central aspects of our core values.

To do this we will work in partnership with:

- Young People
- Their Parents
- Our Communities
- Our Staff
- Other agencies.

*We will seek to:*

- Develop all learners' potential to the full by assisting them to overcome barriers, develop resilience and have high aspirations
- Fully engage learners, parents, staff and other appropriate agencies in the learning process from nursery through transition to secondary
- Promote and provide accessible and inclusive lifelong learning opportunities and experiences
- Secure continuous improvement in students' learning participation and achievements

- Equip all learners to take a full and active place in society
- Recruit, retain and develop well-qualified and committed staff.

### Statement of Purpose

We will seek every opportunity to celebrate and foster excellence so that children and young people:

- Are healthy, confident, well-motivated, well-adjusted and resilient
- Are healthy, literate and numerate – to a level at or above that of their peers in the rest of the world
- Fully understand their place and play their parts as citizens of a modern democratic society
- Experience equity and able to seize opportunities regardless of background, circumstances, disadvantage or adversity
- Have the skills and aptitudes to work flexibly and to embrace change throughout their future lives.
- Provide a safe, fit for purpose, caring learning environment that is well maintained and enhances learning & achievement

**Review Date:** Feb 2019

**Review Activities (as appropriate)** - Parent Council discussion at Feb 7<sup>th</sup> meeting,- parents happy with VVA, Pupil Council discussion, staff collegiate discussion during Feb IS Days

Parent Council had a discussion on the VVA and said they still reflected what we as a school aspire to. Discussion took place about ensuring that the VVA were a reality and embedded in the culture and ethos of our school and nursery. We talked about evidence in the form of the atmosphere in school and the VVA being reflected in the children and pupils and how they engage and interact within the school / nursery environment.

*Schools should evidence how all of their stakeholders; parents, learners, staff and partners are closely involved in creating and reviewing the Vision, Values and Aims. (If these have not been recently reviewed, please indicate likely review date).*

## 2. School Improvement Progress Report

*Looking inwards, looking outwards: What key outcomes have we achieved? What are our strengths and areas for improvement? What is our capacity for improvement?*

*In completing this section, it may be useful to refer to the statements of impact within the Level 5 Illustration for relevant HGIOS? 4 / HGIOELC? Quality Indicators, National Improvement Framework (NIF) 4 key priorities and the 6 NIF drivers.*

### 2.1 Progress against Previous Year's School Improvement Priorities

Area for Improvement	Progress and Impact on: Learners' successes and achievements The school community's successes and achievements - as appropriate (Include evidence of impact.) <b>IMPACT evidence in blue</b>	Next Steps (Looking Forwards)

### 2.1.1 Report on the impact of PEF

- Comment specifically on how PEF is making a difference / closing the attainment gap for identified cohorts of children / young people?
- How rigorous is the school's approach to providing robust evidence of closing the attainment gap?
- How well are you removing barriers to learning and ensuring equity for all?

*How PEF is making a difference in closing the attainment gap. Some key considerations and factors taken into account in our school and nursery.*

- We have used SEEMIS and other local context data including SIMD to identify those children and pupils who are or may be susceptible to adverse childhood experiences including poverty.
- We have developed our strategy around PEF based on robust contextual analysis of a range of data and available information to build an accurate picture of the attainment gap including the possible impact of adversity / poverty related contributory factors. (SEEMIS custom reports / Excel database, SIMD data, FME, LAC, CP, Attendance data)
- Interventions have focused on closing the gap in literacy and numeracy and have promoted health & wellbeing.
- Approaches to interventions have been careful to avoid possible stigmatisation though inclusivity and diversity whilst ensuring identified individuals benefit in a targeted way
- Where possible and appropriate, we have worked in partnership with other organisations, partners, parents and community groups to help us to develop and provide a range of experiences to promote health and wellbeing, equity and inclusion. – extra-curricular and after school groups and clubs.

#### Interventions and Impact

- **(1) Visible Learning** – Improvements in learning & teaching through increased professional skills of teachers. Collegiate Sessions along with partners from within the cluster, (Glenluce & Castle Kennedy) – Used PEF for VL resources (Teachers' books) , networking and moderation between peers in mini cluster

#### IMPACT Measures

- SMT & peer to peer monitoring of impact of Visible Learning interventions on L & T in classes.
- evidence in attainment, holistic and focused assessments Peer to peer professional dialogue and moderation – greater focus on learning of individuals – more scrutiny on closing the gap for identified pupils – SEEMIS Progress & Achievement levels

- **(2) Deployment of General Assistant** - full time General Assistant to undertake administrative duties to free up learning & teaching time of teachers to enable them to focus on interventions in literacy & numeracy with identified individuals at risk of not attaining due to adverse circumstances. Also pastoral role in building relationships with identified children to help ensure wellbeing indicators are being met and supporting where required. Participation in 'Discovery Group' and after school clubs – info available separately.

#### IMPACT Measures

- 'Soft Measures' - evidence gathered from Discovery Group interventions and activities. Use of CEM 'PASS' information gathering to capture before and after evidence of 'soft impact' measures eg changes in attitudes, participation, social interaction. – this shows increases in participation rates and improvements in learning and interactions including those in class –leading to more focus on learning. – greater progress in reading, writing, numeracy –evidence in progress and levels attained in SEEMIS Progress and Achievement Module.

- 'Hard Measures' - Attainment – increased attainment in literacy / numeracy – closing the gap from initial starting point measures / assessment and regular on-going follow-up assessments. –reading & general maths focus. Increased L&T focused time for class teachers. Identified pupils progress in CLG reading intervention.

- **(3) Equity & Inclusion PTs**

- 3x 0.1 FTE Temp Primary Principal Teachers in school and 1 x 0.1 FTE in Nursery

Each part time PT has undertaken a specific aspect of engagement with PEF. – including After School Clubs, Pupil Council, Eco Group – all incorporating identified individuals to promote H&WB and increase participation

- Professional support for colleagues – in class support (including working directly with groups containing identified individuals) and out of class advice for aspects of Lit / Num for identified pupils.
- Early intervention strategies and approaches – in nursery and in P1 & P2 –in school Visible Learning & TLQ – TLQ evidence of impact available.
- PTs have worked alongside other colleagues and external partners to plan, develop and deliver targeted interventions to improve lit & numeracy skills of identified individuals and groups of pupils. (Lit / Num / H&WB focus)

**IMPACT Measures**

- TLQ before and after assessments – All children and pupils have made gains
- PASS assessment / feedback
- Increased participation across school – including that of identified pupils- most PEF identified pupils have participated in one or more wider achievement /extra-curricular activities or school groups eg Pupil Council, Eco Group.
- Baseline assessments and follow –up mid / post intervention assessments of identified areas for development in lit & / or num. On-going assessment of interventions – small test of change methodology.

➤ **(4) Additional Early Years Support in Nursery and in P1 , P2**

Additional Early Years Support staff to help develop early literacy & numeracy skills and to provide additional HWB development and support to identified children and pupils in nursery & early years in school who might be at risk of adverse childhood experiences or experiencing poverty related disadvantage or lack of opportunity to fully develop their early language and literacy acquisition skills. Additional staffing capacity also allows teachers and key workers more focus time with identified individuals.

**IMPACT MEASURES**

- On entry Care plans in nursery
- TLQ initial assessments and post intervention assessments (Nursery & P1)
- on-going in-class assessments of early language skills / development eg phonics, sounds, words, reading
- number of referrals to SALT and SALT assessments / feedback reports.
- Feedback / dialogue / engagement shared with parents via teacher / nursery staff

➤ **(5) Developmental Literacy Resources**

Strengthening of Developmental Literacy resources. Updating of school reading resources to enable all children to have new, high quality reading books at home for developmental reading. Also to replace books through attrition that have been lost, damaged or destroyed through lack of care or neglect when sent home.

**IMPACT MEASURES**

- All identified pupils have access to newer, high quality developmental reading resources.
- There will be an increase in motivation and interest evident through an increase in the number of PEF pupils who increase their engagement with developmental reading and reading at home with parents.
- (Homework diaries will monitor reduction in instances of uncompleted work at home and incidences of lost or damaged books.)

➤ **(6) Digital Technologies to enhance and develop literacy, numeracy & HWB**

To help improve literacy, numeracy and HWB of identified pupils through the use of digital technologies. Use of digital technologies (ipads) to improve engagement and motivation of identified pupils who may not have access to high end digital technologies platforms at home or who may not have access to high quality educational apps to help develop aspects of literacy, numeracy and HWB

**IMPACT MEASURES**

- Impact measured through direct feedback from apps used.
- Also a range of in class, on-going, focused and holistic assessments along with summative assessment information from PM Benchmarking, book banding, Accelerated Reader, CEM PASS feedback for HWB.

## 2.2 Summary of Key Strengths and Areas for Improvement (What is our capacity for continuous improvement?)

Refer to HGIOS? 4 / HGIOELC? Quality Indicators relevant to your school's context in making comment.

### 3. SCHOOL IMPROVEMENT PLAN 2019 - 2010

*Clearly identify within your School Improvement Plan where you are using Pupil Equity Funding to improve outcomes for learners.*

*The 'Planned Management of Improvement Area' (Column 4) should indicate lead person/s, resources, time allocations; for example, collegiate sessions. Consideration should be given to how bureaucracy will be reduced and workload managed with the school's 35-hrs Working Time Agreement.*

How are you using pupil equity funding to improve outcomes for learners?
