- (a) I hereby agree to comply with the Regulations as shown on the ticket and printed overleaf and such other Regulations as may be made by the Council from time to time. Any variation to the Regulations during the Season will be made by advertisement in Dumfries and Galloway Standard and by notice displayed at the Municipal Chambers, Buccleuch Street, Dumfries. Such variations shall have the same force as any Regulation printed on the ticket.
- (b) I certify that I have not been convicted for illegal fishing or for any offences under the Salmon and Freshwater Fisheries (consolidation) (Scotland) Act 2003 or other relevant Legislation.
- (c) I have not come from an area presently declared an infected area by an order under the Diseases of Animals Acts.

NOTE:

Anyone providing false information or failing to disclose relevant convictions will render his/her application, and any ticket subsequently issued, null and void and no fees will be returnable.

GYRODACTYLUS SALARIS DECLARATION

Gyrodactylus salaris is an extremely dangerous parasite and we are taking the most careful steps to ensure it does not enter the Dumfries Common Good Fishings. As such, in conjunction with the Nith District Salmon Fishery Board, we are adopting rigorous biosecurity procedures which we are sure you will support.

If this parasite enters the River Nith Catchment it means the absolute end of our Salmon. Therefore you are required to sign one of the declarations below before purchasing a permit.

Note: you will be unable to purchase a permit if you are unable to satisfy the conditions of either declaration.

A. I declare that my fishing equipment **has** been used outside the United Kingdom in the 7 days prior to my commencement of fishing at River Nith (Dumfries Common Good Fishings) on _____ (insert date) and that it has been properly sterilised adopting one of the following methods (please tick one of the following):

Method A: <i>Drying to a minimum of 20°C for at least 2 days</i>	
Method B: Heating to above 60°C for at least one hour	
Method C: <i>Deep freezing for at least one day</i>	
Method D: Immersion of materials in a solution of, or addition of, one of the following chemicals to water to the concentration indicated for a minimum of 10 minutes:	
1. Virkon 1%	
2. Wescodyne 1%	
3. Sodium chloride (common salt) 3%	
4. Sodium hydroxide 0.2%	

NB the chemicals above may be available from agricultural chemical suppliers; the use of trade names is for illustrative purposes only and does not imply endorsement of any particular product. Users should check that their use does not damage their equipment.

Signature: Print Name: Date:

B. I declare that none of my fishing equipment has been outside the United Kingdom in the 7 days prior to my commencement of fishing at River Nith (Dumfries Common Good Fishings) on (insert date).
